1. Teach 4 classes per programme over 4+ weeks
2. Use the members booklet provided
3. Follow the content of the lesson plans provided

5. Keep in touch with your client over the 16 weeks
6. The continued programme from week 5-16 is provided by Adore Your Pelvic Floor via the Private Adore Your Floor Members Group or unlisted YouTube links with videos taking your client through the functional exercises
7. As an Adore Your Floor Coach you have the choice if you would like to add in and charge your group to attend a follow up class

You may choose to run a course only once a year, or as many as you choose, you may run them back to back, or alongside each other, i.e. a morning session or an evening session.

How much should I charge for the 16 week programme?

The price you charge clientele to attend your courses is entirely your choice, however, here are some things to consider:

1. How many spaces are you going to advertise? This will be dependent on if you are teaching face2face or remotely. If teaching face2face and using a venue we advise an ideal intake of 4 - 10 as this allows for a personal service and is a nice size group to control. Extra interest can always be booked onto

your next course. If teaching remotely, we feel 1-1 or groups of 4 work well to enable the personal and individual experience.

2. Face2face - How much are you paying for your venue? Room hire can vary from £10 per hour to £30+ so you need to consider this in your costing.
3. £90 minimum is a recommended charge for the 4-week course you deliver, although this depends on your demographic area. You may feel you need to charge less or charge more, the choice is yours. The rest of the programme is available from us to your client, at no extra cost. Remember this is a specialised, unique programme – your price needs to reflect this.

Can I use the Adore Your Floor marketing?

Yes you can. With your licence you will be sent the Adore your Floor logo in a format that you can use on paper marketing and online marketing etc. We ask that you follow the guidelines that come with these logos and do not change the format, colour or structure of our logo in anyway. We also have a range of templates and JPEGs for your use.

Can I promote my courses in the press?

Yes you can but we ask that you send us your press release **BEFORE** sending it out so that we can ensure the content is correct and in line with your concept and ethos.

Can I get help and support if I feel out of my depth?

Absolutely - we are here to help. If you have a new client with an issue you are not sure about please contact us, we are also very lucky to be supported by our Women's Health Physiotherapist. Remember, if you feel out of your depth it is recommended to refer your client to visit one of our designated specialised pelvic floor physiotherapists who are on hand for this very reason. This is where we can work with the physiotherapists for the needs of our client.

Does my client need to complete a health screen before starting the programme?

Although there is only a small amount of exercise involved in the programme, it is **essential** that you collect all the relevant information about your client. We have created a health screen for you to use, this should be done ideally before the start of the programme or on the first session. This screen enables you as a Coach to help establish where your client is at with regard to their pelvic floor health.
